Fire Destroys Packing Plant

SCHWEITZER & CO. SUFFER \$30,000 LOSS. OPERATION SCHEDULE RETARDED.

BLAZE STARTED IN SMOKE HOUSE

Fire, shortly after 1:00 p.m. Monday, destroyed the meat packing plant of Schweitzer & Co., on Hairpin street. The blaze was first discovered in the walls of the smoke house and its spread was so rapid that firemen were unable to check it. The plant was entirely destroyed and a very small portion of the contents saved. The loss is estimated at about \$30,000, with insurance covering \$13,800.

According to reports, Russell Winterlee had started a fire in the smoke room, and, as is usually done, the door of the room was left slightly open in order to afford a draft at the start. Winterlee was called to another part of the building and when he returned the walls surrounding the smoke room were on fire. He hurriedly turned on an alarm, the telephone operator, whose duty was to sound the siren alarm, round the siren box and it could not be sounded. However men were called as quickly as possible. By the time they arrived the fire had a big start and there was no chance to save the structure. It burned very rapidly and soon the entire plant was in ruins.

The refrigerator and storage places were well filled with stocks of meats of just about every kind. One end of the refrigeration plant was burned and may possibly be reusable. Most of the meats were damaged and made unfit for use. One of the two compressors was damaged by falling debris, the other may be saved. These, with the refrigerator cost the Company \$14,000. Much valuable machinery and equipment were destroyed and will probably have to be replaced. This was one of the most modern and up-to-date and best arranged packing plants anywhere in Michigan. It was built early this year.

A part of the plant was located on the same street just north of the hotel annex. For the present the firm will carry on its operations from that place, confining its activities to wholesale distribution until such time as the destroyed plant may be rebuilt and equipped. The company had given work to as many as 30 employees. At the present time it employs about nine. The company has enjoyed a large

To Discuss Predatory Animals

SPORTSMEN, SUPERVISORS AND FARMERS URGED TO ATTEND

To Be Held At Temple Theatre, Dec. 16

Aroused by the depredations of marauding coyotes and other predators, farmers, livestock and poultry owners and sportsmen will assemble in a mass meeting Dec. 16 to discuss what can be done about it.

The meeting, in which the department or conservation will participate, will be in the nature of a general discussion of the predatory animal situation in the northern part of the lower peninsula with special emphasis on the coyote.

Arrangements are being made by the Grayling chapter, Izaak Walton League, and Miles M. Callaghan, state senator-elect of Reed City. Sportsmen's organizations, boards of supervisors, livestock and poultry owners and farmers of the region are being invited to send representatives.

The coyote is a comparative newcomer to Michigan, having migrated from the upper peninsula from Wisconsin and Minnesota and thence into the lower peninsula within the past two decades.

EXPRESSES GRATITUDE FOR PUBLIC'S RESPONSE

Mrs. J. L. Martin, Roll Call chairman, Crawford County Red Cross chapter, today expressed gratitude for the public's response during the enrollment period.

"The generosity of the local citizenship again has been demonstrated," the Roll Call Chairman said. "The outcome of such an appeal cannot be measured wholly upon a dollars and cents basis. Service rendered in the Roll Call by volunteer workers, the manner in which these soldiers were received on all sides and the faith in the Red Cross evidenced throughout the chapter territory are all as gratifying."

"The Red Cross is only as strong as its membership. It is able to serve humanity only in the degree to which it is supported."

"In behalf of the local chapter, I take this means of expressing profound appreciation and thanks to all citizens of Crawford county who gave so generously of their time or funds, or both, during the annual Roll Call, and especially the members of the American Legion Auxiliary who conducted the drive."

Grayling Wins From Harbor Springs

Friday night, the victory-starved, banting Green and White of Grayling High waded through Harbor Spring's tight defense to annex their first victory of the season by a 31-21 score. All-in-all it was a bad night for the men of Harbor as the local seconds decisively wallop the visiting Bees to the tune of 20-2 in the 7:30 preliminary.

Harbor Springs determined to increase Grayling's losing streak to four straight, tailed three points in quick succession to take an early lead. Ed Chalker, high point man of the evening, with fifteen counters to his credit, started the Northern Lights off on their victory march by ringing up a foul shot, which was followed by a two-point, under-the-basket tally by Dunham. Ed, obviously believing the best time to win a ball game is at the beginning, dropped a neat long shot from the 10 second line. In response to this insult to their pride the Orange and Black scored a two pointer on top of one of their numerous foul shots.

Following a side-pop counter by Bowen, Harbor tallied from the foul line only to be set back as Bowen scored again to give the Green and White a two-point lead at the finish of the first period.

Going into the second quarter the two teams played neck and neck, the lead shifting from one side to the other at varied intervals. The up-state squad started the ball rolling by swishing the net with two foul shots. Mosher's two point aid to the Grayling cause was met by another one of those inevitable Harbor charity points. Intent upon increasing the local's lead, Chalker scored from the side and Coutts accounted for two markers on the foul stripe to give Coach Cornell's men the advantage of a five-point lead with which to begin the second half.

With a five-point lead to overcome Harbor Springs entered the third stanza with a "fight to the end" attitude and fight they did. Having no time to waste they hit the net for counters both before and after Mosher's foul shot. Mosher, playing heads-up ball, tallied from the side to put the homesteaders again in the top position. At this point in the game Grayling unleashed a scoring avalanche that tied up the ball game. The Green and White seemed just to aim their sights at the basket and Chalker would pull the trigger to add points to the homesteaders' score. In the closing minutes of the third quarter and in the final period the Snow Show boys outscored their opponent two to one and marched on to their hard-earned 31-21 win. With five minutes to go Grayling, as has been the case in all three games so far, enjoyed a comfortable lead, but instead of breaking down as in previous games they appeared stronger than ever and increased their lead instead of letting it slip from them.

In this contest the boys showed vast improvement over their former performances and from now on, with a little confidence in their ability to win ball games, they should go places and bring home the bacon instead of the towl.

MRS. FELDHAUSER CELEBRATES 80TH BIRTHDAY

Thursday evening a few neighbors gathered at the home of Mrs. Edwin Chalker to remind six of their crowd it was time to light another candle on their birthday cake.

Those who were reminded that another year had rolled around again were Mrs. Carrie Feldhauser, Mrs. Florence Wakeley, Mrs. Hattie Mosher, Mrs. Paul Lovely, Mrs. Albert Knibbs, and Mrs. Floyd Taylor.

The evening was spent in playing games and was immensely enjoyed. Prizes were awarded to Mrs. Paul Lovely, Mrs. Russell Mosher, Mrs. Vallad, Mrs. Chalker, Mrs. Carlton Wythe.

The lunch table was beautiful with tall lighted tapers casting a festive glow on a lovely pink and white birthday cake.

"Grandma Feldhauser" whom most everyone knows as the "Grand Old Lady," finds herself 80 years young and has the best wishes of her hosts of friends who hope to help her celebrate many more birthdays.

"MAN AND HIS NEIGHBOR"

The members of Grayling Kiwanis club were privileged to hear an address entitled "Man and His Neighbor" by Mr. Clyde Ketcham, at their usual Wednesday noon meeting. He clearly convinced his listeners that for one to assert his rights in all things is not altogether best for his own good and for the good of his neighbors and others of his community. His talk was brimming with thought-provoking suggestions, and was given in a masterful manner. Mr. Ketcham is an attorney, coming here recently to check up on legal matters pertaining to the local federal resettlement administration.

Next week's meeting of the club will be devoted to entertaining members of the State Conservation commission, including Director P. J. Hoffmaster; Senator Miles Callaghan, and other prominent officials.

Do We Want Socialized Medicine?

(The following is an address given by Dr. C. R. Keyport before the Kiwanis Club of Grayling Wednesday, December 2nd):

STATE MEDICINE

State medicine is a system of complete medical service to all citizens at public expense.

WHO WANTS STATE MEDICINE?

1. Not the public in general. They want evolutionary progress in everything. Not revolutionay upheaval.

2. No dissatisfaction with present system.

American Preventive Medicine less in world.

in Michigan death rate has been reduced. A few figures:

Diphtheria	21.85	1934
Typhoid fever	34.03	1.28
Tuberculosis (all forms)	103.84	43.18
Smallpox	3	

(for 2 yrs.) .0

Measles

14.1

Malaria and enteritis

96.53

7.6

3. Preventive medicine is part of the work of the private physician. In European countries under a plan or socialized medicine physicians have no time for preventive medicine and statistics prove this.

4. Public knows we have no serious epidemics.

1901 life expectancy 47.4 years

1931 life expectancy 61.26 years

5. Public wonders if State is so interested in medical care.

Why does it not try to eliminate Charlatans and Quacks which cost public each year \$125,000,000. Why does State not control patient medicines and save the people \$350,000,000 each year.

6. Public notices that whenever public funds are ordered to assist people request soon changes to demand. Does lead to moral deterioration, never satisfied. When people earn and pay their own way they are satisfied.

Not The Patient

1. Does not want to be dependent on bureaucracy for medical care.

2. Does not want inferior medical service.

3. Patient knows free choice of physician will be restricted. Medical attention will become a mechanical system rather than a personal service. Mass production.

4. Patient will lose confidential patient-family physician relationship.

5. Very sick patient will not receive, because of demands for minor services, quantity and quality. Cut down to reduce costs.

6. Patient does not want any meddling third party to come between him and his physician. Example: Workmen's Compensation cases.

7. Patient does not want to suffer delay in treatment due to numerous bureaus and agencies to which he must apply.

Not The Farmer

1. Farmer has small annual income out of which he would have to pay taxes to maintain a compulsory medical system and receive little benefit.

2. Farmer cannot see why State should provide medical care for wealthy or reasonably independent, or why pay for self-inflicted diseases occasioned by alcoholism and immorality.

3. Objects to carrying greater tax load so that dependent people in cities such as indigents, may secure more privileges.

4. Conscientious and careful about his budget feels that medical service deserves to be placed in his budget.

He is aghast at figures of average family for luxuries:

Passenger auto \$150.00

Tobacco 67.00

Gasoline 37.00

Candy 37.00

Movies and Entertainments 35.00

Soda water, ice cream, and gum 34.00

Jewelry and Furs 29.00

Liquor 22.00

Radios and Musical Instruments 16.00

Cosmetics 15.00

5. Average farmer's family, 4.1 people, annual expenditure (medical) \$62.00.

Tobacco bill more than doctor bill. Twice as much for candy as for hospitals. Twice as much for cosmetics as for nursing.

Not The Employed Person

1. American Federation has studied various forms of socialized medicine and failed to endorse them.

1. Employed person does not want it because it means less wages and more taxes.

3. Employed realizes that adequate living wage provides normal healthful living and competent medical care—sufficient needs for living.

Employed person prefers to purchase medical care as well as other necessities when and from whom he wishes in the true American way. His experience makes him suspicious. With Samuel Gompers, he says: "Put

MRS. HENRY FELDHAUSER

Our felicitations go out to Mrs. Henry Feldhauser who will, next Sunday, reach the advanced age of 80 years and is still vigorous and active. As mother of a fine large family of grown-up sons and daughters, she is held near and dear by them and also by a large circle of local citizens many of whom have known her for a half century.

Mrs. Feldhauser was born in Ann Arbor, Mich., in 1856. Her maiden name was Caroline Kern. March 13th, 1876 she was united in marriage to Henry Feldhauser, who passed away from this life about five years ago. This splendid couple came to Grayling in 1880 and located on a farm near the Sigsbee district, about 10 miles east of Grayling. Twelve children were born to them—eleven boys and one girl (Mrs. Albert Knibbs), eight of whom are still living and are still residents of Crawford county except William who resides in Ann Arbor.

Since the death of her husband Mrs. Feldhauser's home has been shared by her daughter and family. She is a charter member of Crawford County Grange, and a past president and has, through all these years, taken an active part in its activities, and is a substantial and splendid citizen of this community.

In advance we heartily congratulate her on the birthday that is just before her and wish her many more years of usefulness and pleasant years to come.

PROMOTE WINTER SPORTS

The State acts none too soon in becoming official sponsor of a winter sports movement in Michigan. In upper New England and New York, the encouragement of winter recreation centers is a settled policy which returns to public treasures much more than they invest. In the Northwest there is a marked trend toward year-around activity at mountain resorts.

In Michigan, Grayling is to be the beneficiary of the State's first move in this direction. The Administrative Board has set aside \$7,500 for the erection of a community building in the sports park. This park is a creation of local civic spirits, who are passing control over to the State's department of conservation.

Obviously, a community in the resort business is better off with two seasons of three months apiece than it is with one. Often the same facilities serve for both as at Grayling where lakes are part of her natural endowment. Such a community, only an overnight ride away for millions, should be a winter Mecca for

lovers of the out-of-doors. Last year 75,000 visitors made the pilgrimage. How many more it might attract depends largely on the activity of its sponsors, for Nature has blessed it with everything to be found in winter centers whose names are household words—Detroit News.

CHRISTIAN EDUCATION
RALLY HERE

The fall rally of the Four-County Council of Churches and Christian Education will be held at the Michelson Memorial Church on Monday of next week December 14th. The business session will begin at one o'clock followed by addresses and discussions of Worship, Teaching in the Church School, and Out-of-Class Activities. Miss Ione Catton of Lansing, State Superintendent of the Michigan Council, will conduct the worship service and will give an address in the evening. Miss Catton is a specialist in child religious education.

The Rev. Mr. G. W. Gilroy of Rose City will be chairman of the discussion on Teaching and the Rev. Mr. Frank Mitchell of Comins will lead the discussion on Week-Day Activities.

A pot-luck supper will be held during the fellowship hour at six o'clock.

At seven o'clock in the evening the Rev. Mr. Wesley Dugdene of West Branch will give an address. Mr. Edward Webb of Grayling will sing. Mrs. Clippert will play the evening service and the church choir will sing.

The Four-County Council comprises all Protestant churches in Ogemaw, Oscoda, Roscommon and Crawford counties. It is known as the Inland Empire and is a branch of the Michigan Council of Churches and Christian Education. Edgar Flory is president of the Four-County organization.

Every one in the community is invited to the evening sessions. Church school officers and teachers and all particularly interested in the educational work of the church are urged to attend both the afternoon and evening features, including the pot-luck supper.

LYRIC DANCE HALL DID NOT BURN

For a malicious reason or by careless talk a story was started that the Lyric dance hall at Higgins lake had been destroyed by fire and the report was accordingly printed in our edition of last week. The report is unfounded and Mr. Frazer, the proprietor is offering \$50.00 for information as to who started the false report.

The Lyric is one of the attractive dance halls in these parts and enjoys a fine patronage at its regular Saturday night parties. The report hurt his patronage last Saturday but by this time most everyone has learned that the report was unfounded.

FIRE DESTROYS GARAGE AND AUTO

Sunday night at about 8:00 o'clock when the blizzard that visited this section that day and night was at its height, the garage on the property of T. J. Wells and its contents, including the Wells' family car, was destroyed by fire.

It is thought by Mr. Wells that the fire started from a short circuit in the automobile. The fire had gained such headway with the gale that was blowing that it was in flames before it was discovered by neighbors.

The building was partly covered by insurance and the car was insured.

The Misses Ella and Margrethe Hanson of Lansing accompanied their mother, Mrs. Oscar Hanson and Mrs. H. A. Bauman home Friday and spent the weekend here.

Carl Johnson, who has been on the road in the interest of the Ausable Souvenir Works of Frederic, is home for the winter and reports a most successful year.

Mrs. Frank Barnett spent Sunday visiting her father, James Hirst, who is ill at his home at Chesaning, and her sister, Mrs. Eugene Barrett, at Saginaw, who is also ill. Mr. Hirst is slightly improved.

At the business meeting of the Auxiliary Tuesday evening Mrs. Leo Jorgenson, secretary, gave a report of the Auxiliary concert held in Bay City Saturday and Sunday.

Mrs. Mae Malone is leaving next week to spend the winter in Florida. Mrs. Malone enjoyed the winter months there last year so much that she is returning again for a sojourn.

Eight ladies, members of her bridge club, were guests of Mrs. C. K. Keayport at a very attractive luncheon Saturday afternoon. Mrs. Roy Milnes received the honors for contract that followed the luncheon.

Mr. and Mrs. Arthur Worden and Mr. and Mrs. Rollie Failing drove to Fife Lake, Tuesday evening, and accompanied Mrs. Worden's niece, Miss Beulah VanSycle, here. She will visit them for some time.

Mrs. Clayton Strachly returned, Monday, from Mt. Pleasant, where she visited for the past week at the home of her mother, Mrs. Anna Thurston, who has been very ill, but is feeling quite a little improved.

Mrs. James Bugby, accompanied by Mrs. Matt Bidvia and by Mrs. George Bugby, of Pinconning, drove to Bay City, Monday, and accompanied home her mother, Mrs. Jerry Sherman, who had been visiting there.

Mr. and Mrs. Ward Berss, and son Richard, and the former's brother, Henry Berss, returned Sunday to their home in Grand Rapids after visiting Mrs. Berss' father, William Johnson, and other relatives at Frederic and here.

Mr. and Mrs. Mano R. Lee, who have resided in Grayling for about a year, operating a rooming house, are returning to Toledo next week. Mr. and Mrs. Lee made a number of warm friendships among Grayling people, during their short residence.

Personals

George Burke has been in Detroit for the past few days on business.

Mrs. Minnie Lester, of Indian River, was a guest, Tuesday, of Mrs. B. A. Cooley.

James Lynch of Mt. Pleasant, was a guest over the week end of Mrs. Minnie Isenauer.

Mr. and Mrs. Harold Cliff of Clare, are spending the week end with Mrs. Marius Hanson.

Dr. and Mrs. Frank Bearch, of East Tawas, were here for the week end and visited friends.

Albert VanDevere returned Friday to Detroit, after visiting friends here.

Ted Callahan will leave the latter part of the week for Detroit, where he plans to search for employment.

Roy Lovely, of Detroit, is here to spend two weeks vacation with his parents, Mr. and Mrs. Paul Lovely.

Mrs. Horace Shaw is spending a few days in Bay City. Tuesday she attended the funeral of a relative in Detroit.

Joseph Kesseler and Alfred Sorenson left the first of the month for Lansing, to take an emulsion's examination.

Sam Stevenson and family spent Sunday at Alpena, visiting the former's parents, Mr. and Mrs. Burt Stevenson.

Mr. and Mrs. Frank VanSycle, and children of Fife Lake, spent the week end visiting at the Arthur Worden home.

William Hill, who has been at Big Bay for some time for the Kerry & Hanson Co. interests, has returned to Grayling.

Mrs. Henry Libcke and son, Frederick, of Gaylord, are spending this week with her parents, Mr. and Mrs. S. D. Dunham.

Mr. and Mrs. Thomas Craig of Detroit were here to spend the week end with Mrs. Craig's mother, Mrs. Joseph Morey.

Mr. and Mrs. Francis Warner (Helen Milken) of Vanderbil, are in Florida where they plan to spend the winter months.

Mr. and Mrs. Harvey Schoolcraft, of Tower, Mich., visited Thursday at the home of the latter's sister, Mrs. Delbert Wheeler.

Mr. and Mrs. Murl Stevenson, of Alpena, spent a few days the first of the week visiting the former's brother, Sam Stevenson, and family.

Mr. and Mrs. Clayton Doremire, of Midland, spent the week end visiting the former's parents, Mr. and Mrs. Joseph Doremire, at Camp Wa-Wa-Sum.

Ervin Sampsel has secured employment with the Ford Motor Co. at Detroit. Mrs. Sampsel who accompanied him there returned home Tuesday.

Miss Irene Randolph is spending this week with Mrs. John Erkes at the lake during the absence of Mr. Erkes who is in Bay City on business.

Mr. and Mrs. George Bugby returned Tuesday to their home in Pinconning, after spending a week with the former's brother, James Bugby, and other relatives.

The Misses Ella and Margrethe Hanson of Lansing accompanied their mother, Mrs. Oscar Hanson and Mrs. H. A. Bauman home Friday and spent the weekend end here.

Carl Johnson, who has been on the road in the interest of the Ausable Souvenir Works of Frederic, is home for the winter and reports a most successful year.

Mrs. Frank Barnett spent Sunday visiting her father, James Hirst, who is ill at his home at Chesaning, and her sister, Mrs. Eugene Barrett, at Saginaw, who is also ill. Mr. Hirst is slightly improved.

At the business meeting of the Auxiliary Tuesday evening Mrs. Leo Jorgenson, secretary, gave a report of the Auxiliary concert held in Bay City Saturday and Sunday.

Mrs. Mae Malone is leaving next week to spend the winter in Florida. Mrs. Malone enjoyed the winter months there last year so much that she is returning again for a sojourn.

Eight ladies, members of her bridge club, were guests of Mrs. C. K. Keayport at a very attractive luncheon Saturday afternoon. Mrs. Roy Milnes received the honors for contract that followed the luncheon.

Mr. and Mrs. Arthur Worden and Mr. and Mrs. Rollie Failing drove to Fife Lake, Tuesday evening, and accompanied Mrs. Worden's niece, Miss Beulah VanSycle, here. She will visit them for some time.

Mrs. Clayton Strachly returned, Monday, from Mt. Pleasant, where she visited for the past week at the home of her mother, Mrs. Anna Thurston, who has been very ill, but is feeling quite a little improved.

Mr. and Mrs. Mano R. Lee, who have resided in Grayling for about a year, operating a rooming house, are returning to Toledo next week. Mr. and Mrs. Lee made a number of warm friendships among Grayling people, during their short residence.

Mrs. Adolph Peterson, Mrs. Leo Jorgenson, president and secretary of the American Legion Auxiliary, Mrs. Sam Rasmussen and Mrs. Alfred Hanson attended a conference of Auxiliaries held in Bay City Saturday and Sunday. It was very enjoyable with luncheons, banquets and a ball. As a courtesy from the Chevrolet Motor Co., favors of compacts were presented each of the ladies in attendance.

Hanson Restaurant
Changing Hands

One of Grayling's popular eating places, and known for years as the Hanson Restaurant changed hands today, when Frank Bennett bought out the business from James Bugby. Mr. Bugby has found the restaurant work too confining for the good of his health, and is his reason for disposing of same.

The public needs no introduction to the new proprietor, who is maintaining the services of Fred Bishaw, who will be in charge of the restaurant. Bishaw has followed the business of chef for years, and has worked in the Hanson Restaurant for a long time and knows the business from A to Z.

The Avalanche wishes the new proprietor much success.

Womans Club

The Woman's Club met Monday, December 7th, at the home of Mrs. Alice Bond. Interesting talks were given on "Famous Women" by the following:

Mrs. Schumann—"In World Movements."

Miss Badman—"Of the Movies."

Mrs. Poor—"Of the White House."

Mrs. Gothro—"Composers."

The next meeting is a social meeting and will be held on Tuesday, December 15th, in the basement of Michelson Memorial church. It will be the Christmas program and each member is entitled to bring a guest.

CHRISTMAS CANTATA TO BE PRESENTED NEXT SUNDAY

A Christmas cantata, entitled "The Music of Christmas" will be presented next Sunday afternoon at 5 o'clock by the Ladies' Glee Club of the Woman's Club at the Michelson Memorial church.

The cantata will be sung by twenty-six voices. An orchestra of about ten pieces will assist in the program. The children's chorus of about fifty will sing an anthem and will march in the procession and recessional.

The production will be directed by Mrs. C. G. Clippert.

The public is invited. There will be no charge for admission, although a free-will offering will be received to meet the expense of music and other items.

Those who attended the Christmas Sunday cantata will look with eager anticipation to the program this year.

VETERANS OF FOREIGN WARS NOTICE

A very important meeting of the Veterans of Foreign Wars will be held on Friday night at the Beaver Creek town hall at 7:30 o'clock sharp. Commander Neal Matthews looks for a large attendance and his committees for the year will be announced. At this meeting the new officers commence work and promise the Membership an interesting program of activity for the ensuing year.

Members are urged to bring all candidates for initiation and the meeting will be opened on time. The place of meeting has been chosen for the greatest convenience of both Roscommon and Grayling, as well as the members who reside in the country surrounding.

AUTO DEALERS RECEIVE BIG ORDERS

All of the local auto dealers are reporting big sales, the largest in the history of some.

George Burke reports the recent sale of 24 cars, the largest order coming from the Bay City Cab Co., to whom they delivered 17 cars. Other deliveries include new Fords to Albert Lewis, Big Bay; J. D. Foster, Kalkaska; Forster Barber, Grayling; Carl Chappel, Battle Creek; Alva Kroon, Detroit; Howard Read, Bay City; Lt. LeRoy Richards, Pontiac.

Mrs. Clayton Strachly returned, Monday, from Mt. Pleasant, where she visited for the past week at the home of her mother, Mrs. Anna Thurston, who has been very ill, but is feeling quite a little improved.

Mrs. James Bugby, accompanied by Mrs. Matt Bidvia and by Mrs. George Bugby, of Pinconning, drove to Bay City, Monday, and accompanied home her mother, Mrs. Jerry Sherman, who had been visiting there.

Mr. and Mrs. Ward Berss, and son Richard, and the former's brother, Henry Berss, returned Sunday to their home in Grand Rapids after visiting Mrs. Berss' father, William Johnson, and other relatives at Frederic and here.

Mr. J. K. Bates returned last Saturday from a two weeks' visit at the home of his daughter, Mrs. Agnes Hathaway, at Monith, Mich.

Do We Want Socialized Medicine?

(Continued from front page)
it in the pay envelope and we will buy our own welfare."

Employed person knows that socialized medicine means heavy contributions.

Employed recognizes any socialization of medicine scheme to be nothing but revolution in substance.

Employed person wants a job and health to keep it. Germany under health insurance system: time lost by insured workers trebled in 50 years. England: time loss increased from 3 days before compulsory insurance to 12½ days after. In America: time loss 6½ days. Statuary for 20 years.

Not The Taxpayer

1. Taxpayer paid State \$82,000,000. Taxpayer paid County, City, Township \$16,000,000.

Complete system of free medicine for 4,000,000 people would add \$171,820,000 in taxes. State taxes would have to be more than tripled. Sales tax would increase from 3% to 9%.

2. Add to this cash payments for lost work days due to illness, including feigned illness, and sales tax becomes 18%.

3. Free service is abused by men who seek more than their just share.

Taxpayer would pay first rate prices for inferior quality service. In Germany socialized medicine is known as second class service.

5. Taxpayer knows that politics would interfere, resulting in monetary and scientific waste. Ample illustration of waste seen in governmental activities.

6. Taxpayer knows economic depressions increase government spending in face of lessened income, thus socialized medicine would either mean increased taxation or lessened medical service during trying times.

7. Taxpayer knows that service at public expense is far from being free service. None can escape the tax collector.

Not The Physician

1. 100,000 physicians in U. S. do not want socialized medicine as it would furnish the people a medical service limited in scope and destroy public confidence.

2. Physician has sacred obligations to maintain the quality of medical care. Deficient quality abroad.

3. Physician does not want his patients to substitute suspicion for responsibility and resentment for friendship. This is bad when cash benefits are combined with service benefits.

People who are actually paid for being sick will have no desire to get well quickly and will resent attempts of a conscientious physician to certify them back to health.

4. Physician has made inroads against all forms of disease in public health.

Average death in Michigan: 1900 ----- 54.26
1933 ----- 59.31

Does not want to lose his initiative, resourcefulness—incapable to improve himself.

Patient will suffer if these are supplanted by governmental red tape.

5. Physicians are progressive. Trying to solve the economic problem of past six years.

Profit Seekers

Now on the other hand, those who do want State or Socialized medicine.

1. Seeker after personal profits would benefit by this system.

Third party, as insurance carriers, lodge or friendly society.

A small minority group—of physicians whose friendship with unscrupulous politicians would share the profits.

Professional philanthropy and social welfare have created a new profession. Increase social welfare.

Certain business firms which would stand to profit by large orders for building materials if government took over the work.

2. Seeker knows that complicated administration work and governmental red tape of a social program would require thousands of employees with high salaried positions picked off by those on the band wagon. He knows that total paid for administration in England is over half paid to physicians and total non-medical workers in Germany is greater than the total of physicians.

3. Seeker knows that the 35 million health insured people in Germany pay rates that have increased from 3% to 6.5% of their monthly earnings.

Paid Reformers

1. Would completely change picture because of a negligible percentage of people who find illness costs heavy in a given year.

2. Paid reformer has been told but forgets. Committee on the cost of medical care surveyed from month to month for one year the health needs of 39,000 people in this country.

47.9% needed medical care and received it.

47.1% needed no medical care.

5% left, sought probably cults, etc.

Should present system be changed for a negligible 5%?

3. As a panacea for poverty, sickness insurance is a poor excuse.

4. The salaried altruist may make high sounding promises whose fulfillment is too expensive for this or any other civilization to attempt.

Unscrupulous Politicians

1. Sees in socialized medicine the control of a vast new patronage army. Hundreds of choice jobs passed out, changes of administration and the spoils system would make practice of medicine a political lottery with political skill instead of pro-

fessional skill.

2. Knows that socialization of medicine would shunt millions of dollars into his hands to be administered by him and his aides.

3. Knows that political system will let out building contracts for large public hospitals, sanatoria, health clinics, etc.

4. Will insist on cash benefits in any socialized medicine legislation. Recipients of these checks will keep him in office. A great system for gaining influence votes.

5. Will make campaign promises to provide good medical care and after election will be indifferent to same. Borne out in U. S. by the FERA. In Michigan by the Crippled and Afflicted Childrens act and Afflicted Adult act.

6. Result:

a. Less skilled men in profession.

b. Mechanical system, no incentive.

c. Loss of independence and inability to provide needed care.

d. Overwork by physicians.

Philanthropists Paid Agents

1. Social workers distribute cash benefits (not their own money) according to their own standards and opinions of what is good for the recipient.

They seek to do same with services of physicians and resent any implication that they are not equally competent to determine how and to whom and in what amount medical service shall be distributed.

2. So-called foundations have spent millions for surveys of medical care. Same amount of money would have taken care of these cases.

When the Australians first planted clover it grew well in Australia's fertile soil from seed brought from England but produced no seed in the new country. They couldn't understand it until they imported bumblebees, pollen carriers from plant to plant. Nature's cycle was perfected and seed came.

Buy Christmas Seals From School Pupils

Grayling residents who have not received tuberculosis Christmas seals through the mail—and who wish to have a part in the Thanksgiving Day-to-Christmas campaign to provide funds for Michigan's fight against tuberculosis in 1937—may secure a supply of the tiny messengers of health from any school child. Gerald Poor, superintendent of

FIGHT
TUBERCULOSIS

Buy and Use
CHRISTMAS
SEALS

"It is of course impossible for the Michigan Tuberculosis Association to reach all in Grayling thru the mail sale it carries on," Superintendent Poor explained in agreeing to take charge of the supplementary sale here. "It is impossible for the Association to secure the names of all who would like to contribute and each year many inquiries are made locally as to where Christmas seals may be obtained. It is so that all who wish to participate in the fight against the White Plague may do so, that Christmas seals are being made available in Grayling through the school children.

"We are not planning, however, to have the school children canvass the community. That procedure would involve much annoyance to those who have already received seals. We shall be glad, though, to fill promptly all requests for seals. They may be had either by contacting the office of the Superintendent of Schools or by asking any school child for a supply."

Superintendent Poor added that the children too would be given an opportunity to purchase Christmas seals for either their own or their parents' use. "I am in complete sympathy

with this annual sale of Christmas seals to provide funds to fight tuberculosis," Mr. Poor declared. "And inasmuch as it is the children who benefit so greatly we are glad to have them take this small part in the project."

Funds raised through the sale of seals in the state will finance the entire program of the Michigan Tuberculosis Association in 1937. A voluntary organization, the Association has fought the White Plague in Michigan since 1908.

CHRISTMAS TREE BEST IF SIMPLE

More simplicity and resultant beauty in festooning the Christmas tree is suggested by Winona Gettemy in the home economics department at Michigan State College. The old fashioned "conglomeration" of many kinds of ornaments defeats itself in too many households in her opinion.

"Simple decorations with real greens instead of artificial ornaments are most desirable," says Miss Gettemy. "If there is a fireplace available, then make that the center of the holiday display instead of scattering the decorations over doors and windows. If a fireplace is not available, then use a Christmas tree or a group of windows for the center of attraction. Greens can be those of pine, spruce or ground pine banked on top of the mantle or made into festoons or wreaths. A wreath makes a good center of interest."

Miss Gettemy does not relegate this work to just one person in the family who might have the eye for beauty in decoration. She thinks it still is proper and the best stimulant to Christmas spirit to have the whole family including the children participate in the decorating.

When it comes to dressing up the tree, however, she again suggests simplicity. Four schemes are useful. One includes the use of ornaments of the same color but of different sizes. Another type of ornament would be all sizes in different colors. A third type of decoration can include tinsel strips with ball decorations, and the last suggestion is for the use of just tinsel strips and bulb lights for decoration.

CHICOL NEWS

Students of the school are selling tuberculous Christmas seals this week. A new feature—tuberculosis pins—are attracting a lot of attention and the price of five cents seems to be quite popular.

The annual two weeks' Christmas vacation will begin December 18.

During the past week the Hi-Y club has been making efforts to organize an intramural basketball league which is open to all eligible boys in the upper four grades. Quite a few hopefuls have reported.

On the Friday afternoon of the Harbor Springs game, a pep meeting was staged in the auditorium. This consisted of a one act skit by several members of the high school, and four or five yell that were really loud and were full of pep.

The stage floor, having been the recipient of a sanding job and several coats of varnish, gives the stage a new and pleasant appearance.

The opening of the South Side school has made sixty-two youngsters happy already this year. We have had some snappy days and if you think it's thrilling to walk a mile in freezing weather, ask some of these little tots.

A Visual Method piano recital is coming. The date is December 16; the time is 4:00 and the place is the high school. If you are interested you are cordially invited to attend.

115 G.H.S. armbands have been purchased from the Hi-Y club. These bands are really flashy looking.

Don't forget that Gaylord will play here one week from next Friday. Mancelona was barely beaten by Gaylord last Friday night. The score was 12-10.

At some later date a Michigan Bakery representative will demonstrate methods of making different kinds of sandwiches at the school Home Economics room.

We have been busy getting our room decorated for Christmas. We made wreaths for our windows and door and brought Christmas pictures for our Bulletin Board. We are learning winter poems now and are going to learn some Christmas poems soon.

FIRST BUYER OF CHRISTMAS SEALS

First in Grayling to buy 1936 tuberculous Christmas seals was Mr. A. J. Joseph, the Michigan Tuberculosis Association announces. The thirtieth annual sale of the tiny messengers of health opened on Thanksgiving Day and will be continued through to Christmas. Sixty million of the Christmas seals were distributed in the state this year by the Association and its affiliated organizations, to provide funds to carry on the fight against the White Plague in 1937.

Thanking and complimenting Mr. Joseph on his early purchase, Dr. Bruce H. Douglas, president of the Michigan Tuberculosis Association this week urged that all others in the state who have received seals make their returns as soon as possible so that expense of follow-up letters might

be spared.

"Never was the need so great for an intensive anti-tuberculosis program in Michigan," Dr. Douglas declared. "Now, with a complete victory over the White Plague nearer than it has ever been, is the time to redouble our efforts. The 2,044 deaths from tuberculosis in Michigan last year are a challenge to every thinking individual, in the light of the utter needlessness of the disease."

Since 1931 the Michigan Tuberculosis Association has brought two of the modern weapons of medical science—the tuberculin test and the chest X-ray—to more than 100,000 Michigan people. Funds raised during the present sale of Christmas seals will help to carry on this work.

The Ladies of the Danish
Sisterhood spent a most enjoy-
able afternoon at the home of
Mrs. Rasmus Jorgenson, Tues-
day.

The pupils of the Visual
Method Piano class of Grayling
school will give a recital in the
school auditorium Wednesday af-
ternoon, Dec. 16, at 4:00 o'clock.
Parents and friends are cordially
invited.

Ruth Papendick, age 2, daughter
of Mr. and Mrs. Ray Papen-
dick, of Beaver Creek, is a
patient at Mercy hospital, suf-
fering severe scalds received
when she fell in a pan of boil-
ing water at her home.

Please, if you have any broken
toys let Mr. Clough know, or call
the Avalanche, so they may be
repaired in time for Christmas.
These are to be turned over to
some organization to help make
Christmas glad for some boy or

Mr. and Mrs. Dan Babbitt, Mr.
and Mrs. Charles Corwin, Miss
Helene Babbitt and F. J. Mills

were dinner guests Sunday, at
the home of Mrs. Babbitt's
mother, Mrs. Frank Barber, at
Roscommon; the occasion being
Mrs. Barber's birthday anniversary.

They report a most enjoyable day.

Harold A. Clemeton, at one
time a Grayling resident, when
he was connected with the State
Highway department, met a tragic
death Saturday forenoon when his automobile was struck
by a train at a railroad crossing
just out of Manistee. The family
lives at Cadillac and Mr. Clemeton
was a salesman for a wholesale
hardware firm for a number of years.
Mrs. Clemeton and their little
son Junior who survived the
accident are the sympathy of many
Grayling friends in their sorrow.
Funeral services were held at
Cadillac Tuesday and the remains
taken to Bath, Mich., and later to
Lansing for interment.

The life of a Christmas tree
may be extended at least a week
if the tree is set in water when
brought into the house.

As the oldsters say, "It is
pretty hard to keep a good man
down." So we were not surprised
to learn that Frank Barnett

answered to the roll call of the
Crawford County Road Commission
Tuesday of last week. Mr.

Barnett has been seriously ill
for the past several weeks but is
feeling quite a little improved.

President Emil Giegling, Sec-
retary A. J. Joseph and presi-
dent-elect O. P. Schumann, of
Grayling Kiwanis club, attended
the Kiwanis school of instruc-
tion held in Petoskey Tuesday
night. Stanley Johnston, gover-
nor of the Michigan district, is
a son of Fred Johnston, a former
resident of Roscommon and at
one time county agricultural
agent of Crawford county, who
will be recalled by our older
residents. Governor Johnston
was born in Roscommon and at
present is a resident of South
Haven.

Mrs. Frank Barnett is in
receipt of a letter from Mrs. M.
A. Bates, who left in the fall,

planning to embark for the
Philippines Islands to visit her son,
Capt. Emerson Bates, who is sta-
tioned there. Mrs. Bates writes

from San Francisco, Calif., and
states that she is detained there
because of the strike of the
longshoremen, which has kept all
ships in the harbor for the past
month. When she reached there,
Mrs. Bates states, she was met
by Capt. Forman, a classmate at
West Point of Capt. Bates. She

was to embark on the following
afternoon and the following
morning the strike was on. Since

that time she has been a guest
at the Forman home and, al-
though she is very anxious to
reach the Philippines, she is hav-
ing a most enjoyable time. Mrs.
Bates gives a vivid description of
the beautiful flowers which are
there and of the lovely weather.
She also says that if the strike
does not lift soon, she plans to

try to make arrangements for
passage on a Japanese boat. She
is most anxious to get to the
islands in time for Christmas.
Word from Mrs. Bates is always
welcome and we hope to receive
word from her often.

The new DeSoto on display at
the Corwin Auto Sales show
rooms is attracting no little at-
tention.

Kenneth Hoesli left, Sunday,
for Gladwin, where he was joined
by Dan Woods, of that city,
and the two left for Florida;
making the trip by motorcycle.
If everything goes well, the boys
expect to travel on to California.

The ladies and gentlemen of
St. Mary's parish enjoyed a get-
together Tuesday at the parish
hall; a 6 o'clock goose dinner be-
ing the main attraction. Following
the dinner, a card party was
in progress and high scores were
set by Mrs. Ted Morris and Mrs.
Minnie Isenauer, "500"; David
Montour, Pinochle; and Mrs.
William Lenartz, Pedro.

Among the Clerks

(By J. Wellington Burnsted)

Most of the young men of the community are gathering, these frosty evenings, at the billiard room of Blackie's Tavern. I've been a-wondering what was the big attraction and it has just come to my attention that there is a fast and furious billiard tourney going on within those four walls. By the time the final results are ready for public notation, this column will be in cold print—so, watch for the winnah in next week's edition.

That reminds me—The Canadian Lumbermen's Association is seriously thinking of hiring our own Blackie to pose for a lumberjack picture, which will be filmed in Canada's own natural setting. All that is required of Blackie is that he wear his rough and ready hunting garb, perch his new scarlet stocking cap at the usual rakish angle on the LeVan "pate," and mount a log in the middle of the Yukon River. The Association feels that the red cap, alone, will knock the public in the aisles and will place Blackie in the historical limelight on a level with the great Paul Bunyan. We, of the restaurant world are here to see that Blackie gets his chance at stardom!

Things are beginning to look pretty serious in the Arthur Eddy case, what with them travelling back and forth for brief visits and six-letter-a-week mail service on the side. As Art says, "It's too bad that trains don't run on Sunday!"

Looks to me as though someone will have to acquire a mustache—in keeping with the dignity of his new position. I would suggest that he look up our old friend, Rupert Ross, maybe he could fix it up with him! Side burns would be cunning, too!

Who or what is Professor Scarbally, who seems to be a most favorite son of the Tavern Fraternity? Three guesses to anyone but Blackie's Ramblers.

I'm hiring a detective to keep to the heels of Amelia Smith,

who changes about so rapidly that it is almost impossible to keep track of her. She seems to be in the Green Front kitchen, now, and doing very well for herself.

Jim Bugby has a brother who is even smarter than himself! Said Brother George, accompanied Jim on a rabbit hunt, Sunday, and cleaned him to the tune of 5 to 1. Jim has had his chin in his hands ever since but said in his statement to the press: "Revenge is sweet and there is always another day!"

Eva Swanson is all set for Christmas—having had the foresight to chalk up the grocery list for an eleven and one-half pound turkey. She thinks that is too much dark meat for two people to consume—so she has postponed the date to a later day. Probably from as much as three days to three months later.

The May vacation fund has grown steadily and has probably by this time reached at least to Nevada. Only a few more bills and we'll be right in Mexican territory—Helen hopes!

BAY CITYANS LIKE GRAYLING

In the Rambling's column by Finny in the Sunday edition of the Bay City Times appeared the following:

The deer huntin' season is over and no one is more pleased of the fact than Mrs. Horace Shaw, wife of the big M. C. engineer, residing in Michigan's winter sports capital—Grayling. (Hope O. P. Schumann of the Grayling paper sees that big boost.) This summer, Mr. and Mrs. Shaw, who have resided in Bay City for a number of years, took up residence in Grayling. Don't bother, folks, to write Mrs. Shaw asking her how she likes life in the north. I'll give you her exact words: "It's just wonderful; I'm crazy about the north; the air, the scenery! marvelous! Just think, Horace and I have been able to make sets of deer and they come right up and eat out of our hands. We're Graylingites now and we love it."

All right, Horace and Mrs. Shaw, but in order to prove that you are truly Graylingites requires that both of you must slide down the toboggan at winter sports time. I'll be up and report to the folks on the matter.

Mrs. Aubrey Blaine has been ill and confined to her home for the past week.

Neil McDaniel has been unable to attend to his work at the flooring mill; having cut the first two fingers of his left hand while at work.

Mrs. Earl Stafford is caring for Mrs. Minnie Benson, who has been very ill for the past few months.

A. L. Roberts is driving a new Plymouth sedan, purchased from the Corwin Auto Sales.

Mrs. Jesse Bohemeyer spent Sunday at Saginaw, where she visited her mother and sister.

Mr. and Mrs. Ed Rummel, of Flint, returned home Tuesday after visiting for several days at the home of Fred Carr.

Mrs. George Bielski was guest of honor Saturday evening, when a group of her friends gathered at her home to help celebrate her birthday anniversary.

DEER TRAPPED IN BOG

Frightened by hunters, four deer ran into a bog near Big Star lake southwest of Baldwin and were sinking into the ooze when conservation officers arrived. Two of the deer were rescued, but the third, a large doe died of exhaustion as soon as it was brought to higher ground. A fourth deer, deeply mired in the center of the bog, could not be reached and had to be shot by the officers.

Religion In Life

The Spanish Tragedy

The tragedy now being enacted in Spain becomes more and more gruesome in that land and increasingly dangerous to the peace of Europe.

The issue at stake is not fascism vs communism, as most newspaper reports would indicate. The struggle is democracy vs fascism. The issue is whether representative government, freedom of speech, freedom of assembly, freedom to vote are to survive or whether the forces of reactionism are to gain power.

Simply stated, the situation is this: The Spanish people finally came to a place where they decided to throw off the shackles which held down the common people. They wanted democracy; they wanted public education; they wanted fundamental rights for all the citizens rather than exorbitant privileges for the few. They voted into power a liberal government which would make possible a more free and democratic life for the people. The newly elected government inaugurated reforms which put Spain within a short time among the most progressive of all nations. This amazing progress and the betterment of the common people caused the old reactionaries—the royalist, the feudal land owners, certain great industrialists, army officials and church dignitaries—to realize that the old days of special privilege were gone forever unless the new government were overthrown. These groups resorted to every means within their power to discredit the government in the eyes of the people. These fascists, aided by fascists from abroad, even went to the extent of hiring hoodlums to commit atrocities, in order to make it appear that the government could not maintain order.

These tactics did not deceive the populace and when the government was returned to power in a general election, the fascist reactionaries show that but one means was left to them to gain their objectives. That means was a civil war to overthrow the government.

The fascists launched the war. The war became a struggle between a duly elected government of the people and a coalition of privileged groups attempting to regain their own special privilege at the expense of the interests of the common people. The contest is to decide whether the new democracy is to survive in a land held down by centuries of oppression.

The newspapers refer to the government forces as the "Reds," but this is grossly inaccurate, for the communists are but a minor group in the country. When the war started there was not one communist in the cabinet and but one socialist. It was a government of liberals but not of radicals. When the war began, the communists had their choice of joining either the government or the fascists, and they chose the former.

Between act entertainment was furnished by musical numbers by the High school orchestra, under the direction of Miss McDonald; with a vocal number entitled, "Careen Carmela," by Harvey Loomis, beautifully rendered by Dorothy Miller, Natalie and Jerrine Peterson, and Mildred Craft. These contributions were so entertaining that there was never a dull moment while the stagehands were changing the scenes.

The Avalanche joins the audience in extending congratulations to the cast for a very fine performance.

"BIG BUSINESS" WAS HUGE SUCCESS

The Junior play, "Big Business," presented Tuesday evening at the School auditorium, may well be set down in school history as one of the "smash" events of the year. There were eleven members in the cast and each one handled his part in a very commendable manner.

The heading, "A Farce in Three Acts," seems to adequately sum up the entire play, which is built around life in a business office.

Frances Entsminger, as Racy Osgood, the pretty heroine, makes things uncomfortable throughout the play for George Smith, who as the handsome leading man, Bradford J. Fitch, plays an admirable part as the woman-hating business executive whose company is fast going "on the rocks." Miss Osgood is a childhood chum and comes to the city, anticipating a happy reunion, only to find herself eavesdropper to a conversation which takes place between her brother, Gilbert (John Henry Peterson) and Fitch, in which the latter states that he has no desire to renew Racy's acquaintance, of whom he has a very poor opinion.

Forming a campaign of vengeance, Racy further complicates the performance by placing herself as B. J.'s business partner under an assumed name and makes things extremely uncomfortable for him and for herself.

The play ends in a whirl of complications during which the young couple come to an understanding simultaneously with the arrival of a wealthy aunt, who presents her nephew with \$50,000 as a wedding present.

Naomi Wheeler and John Henry Peterson, as Dolly Adams and Gilbert Osgood, portray to perfection the dumb office girl and the well-to-do lawyer, who are attracted to each other. Virginia Charron, as "Snow," the scrub woman with Allen Carr, her prize-fighting husband, do an expert job of keeping the audience in a hilarious mood. Beatrice Peterson portrays the part of the secretary in great style. Vilho Wirtanen, as the be-whiskered old renting agent, Norberta Weiss, as Racy's fat cousin, Laura Johnson as the wealthy aunt, and her lady physician, Gloria LaMotte, gave wonderful support.

The Safety Man

Winter weather is upon us.

With it comes fog, ice, sleet, snow, and slippery roads. What are you doing to prepare for it?

Every driver should see that his car is properly conditioned for winter driving. Windshield wipers should be reconditioned.

The elimination of fog, sleet, ice, and snow from the windshield is very important, and many very good devices are on the market.

For this purpose, equip your car with a device that will give you clear and good vision during such weather.

Control your speed on slippery roads. Go slow—go easy—be careful. THINK.

WANTED—OLD XMAS TOYS

A drive for old and broken toys will be carried on for the next two weeks under the W.P.A. Recreation Program with the aid of local agencies.

These toys will be repaired and painted by youths working on the National Youth program under competent leadership and then turned over to the community for their use at Christmastime.

The evening's entertainment was completed by dancing, with music furnished by the Poki-dots, and a substantial lunch for the nominal sum of ten cents
